# “To live, and act, and serve the future hour.”

William Wordsworth

The future is yours, to shape, enrich,  
and enhance. Specific actions and  
experiences may influence decisions,  
but only you can direct your future.

You will make many choices in  
personal and professional life...choices  
that will be made because they  
best serve your needs. But as you satisfy  
your personal needs, remember that  
we must all stand together to  
advance to a better future.

For individuals sharing their talents,  
abilities, and ideas is what  
leads us into a strong and vibrant future  
where every person counts.

# WE SURVIVED THE BLIZZARD OF '78

The Corner of Honeywell Street

Scenes from Route 128

AS I LEAVE NEEDHAM HIGH!

As I walk out the steps, and down the big hill,  
I'll know that my 12 years of school are fulfilled.  
There will be many things I will have learned,  
my diploma will have proven its something I earned.

The teachers the students, some good some bad,  
have all helped me through school, happy or sad.  
High school Athletics have been the best,  
it's always been fun, but still no rest.

As I begin to grow older, I think a lot more,  
soon I'll get a job, and not be poor.  
I will no longer be at Needham High next year,  
for I will be seeking a new career.

What I have to say is no lie,  
but I have always enjoyed Needham High.  
My friends and I will somehow part,  
but they'll always be remembered in my heart.

College or a job, one or the other,  
that's when you look up, to older sisters or brothers.  
I'll always appreciate what school's done for me,  
my goal was once to climb the highest tree.

Now that life is changing a bit,  
I must work really hard and never quit.  
My family and classmates are apt to cry,  
watching me as I LEAVE NEEDHAM HIGH.
